3. TEACHING METHODS - ASSESSMENT

TEACHING MODE

Face-to-face, in-class lecturing, on distance teaching and distance learning etc.

In-class lecturing

USE OF INFORMATION AND COMMUNICATION TECHNOLOGY

Use of ICT in Teaching, Laboratory Education, Communication with students **Teaching:** Lectures with audiovisual media, support of the learning process through the eclass platform

Communication with students: face-to-face at office hours, email, eclass

COURSE DESIGN

Description of teaching techniques, practices and methods:

Lectures, seminars, laboratory practice, fieldwork, study and analysis of bibliography, tutorials, clinical practice, Art Workshop, Interactive teaching, Educational visits, project, Essay writing, Artistic creativity, etc.

Activity / Method	Semester Workload		
Lectures	52		
Case studies / Exercises	42		
Project (essay)	20		
Self-study of lecture	21		
material and case studies			
Counselling	0.5		
Exams (written)	2		
Course Total	137.5		

The study hours for each learning activity as well as the hours of non- directed study are given according to the principles of the ECTS

STUDENT PERFORMANCE EVALUATION/ASSESSMENT METHODS

Detailed description of the evaluation procedures:

Language of evaluation, assessment methods, formative or summative (conclusive), multiple choice questionnaires, short- answer questions, open-ended questions, problem solving, written work, Essay/report, oral exam, public presentation, laboratory work, art interpretation, other.....etc

Language of exams: Greek / English (in ERASMUS class)

Assessment Methods: After the last lecture, the exam material is posted at eclass. The final course grade is formed as follows:

- By the project (30%)
- By the written exams (70%) taken in the examination period of the spring semester and, in case of failure, in the September resits

The written examination includes problem solving/exercises, short-answer and open-ended questions. It is conducted with closed books.

Evaluation criteria are specifically defined and given as well as if and where they are reported and accessible to students.

The evaluation of students with special learning difficulties in writing and reading (as certified and qualified by a competent institution) is performed according to the relevant procedure decided by the Department Assembly.

Notification of the Assessment Criteria: The evaluation criteria are made known during the first lecture and are clearly stated on the course website and e-class. The answers to the exam questions are posted at eclass after the exam date. Students have the opportunity to discuss their exam paper with the course instructor (at the posted office hours) after the announcement of the course grades.
